

Garrett R. Baber, M.A.

E: garrett.baber@ku.edu

P: (724) 562-3146

EDUCATION

Doctor of Philosophy

Expected: May 2027

University of Kansas, Lawrence, KS

Clinical Psychological Science; Major Area of Study in Clinical Health Psychology

Advisor: Nancy Hamilton, Ph.D.

Dissertation (defended):

Does Dreaming Make It Better? Testing the Affect Regulation Theory of Dreaming

Master of Arts

May 2024

University of Kansas, Lawrence, KS

Clinical Psychological Science; Major Area of Study in Clinical Health Psychology

Bachelor of Science

May 2020

Middle Tennessee State University, Murfreesboro, TN

Major: Psychology; Minor: Biology

AWARDS, SCHOLARSHIPS, & GRANTS

B. Kent Houston Award in Clinical Health Psychology Research, KU

2025

Award recognizing excellence in Clinical Health Psychology research.

Montie McMickell Award, KU

2024

Acknowledges a psychology graduate student who embodies excellence in psychology, kindness, and generosity.

General Research Fund, KU

2023

Internal grant (\$6,200) to investigate acceptability of AI-generated videos of dream reports as preliminary step to test their efficacy in enhancing evidence-based nightmare therapies.

Undergraduate Research Experience and Creative Activity Grant, KU

2019

Internal grant (\$2000) to investigate neural correlates of sleep, dreaming, and emotion.

MTSU International Education Scholarship, MTSU

2018

Awarded (\$1,900) to support a semester of research at the University of Geneva.

EuroScholars Grant, EuroScholars/International Studies Abroad, MTSU

2018

Awarded (\$3,000) in support of sleep and dreaming research abroad.

Undergraduate Research Experience and Creative Activity Grant, MTSU

2018

Awarded (\$500) to support research on team dynamics in a NASA aerospace simulation.

Frederick Delay Quasi-Endowed Scholarship, MTSU

2018

Awarded (\$1,000) for well-defined career aspirations and excellent academic performance.

PEER-REVIEWED MANUSCRIPTS

- Baber, G. R.**, Hamilton, N., Girard, J.M., Jun, D., Sikka, P., Watts, A., Gratton, M.K.P., Cohen, J.M., Quesada, A.K., Nichols, E.C., Cunningham, T.J. (2026). Testing Affect Regulation Theories of Dreaming. *SLEEP*, zsag046.
- Pruiksma, K. E., Taylor, D. J., Sloan, D. M., Fredman, S. J., Nagy, S., Jahnke, S. A., Haddock, C. K., Koetting O'Byrne, K., Rasmussen, H., Sutherland, C., Koepfel, M. D. H., Morgan, D., Dietch, J. R., Russell, J., **Baber, G. R.**, Peterson, A. L., & McLean, C. P. (2025). Treatment development report of an intensive group treatment for posttraumatic stress, insomnia, and nightmares adapted to firefighter culture. *Cognitive and Behavioral Practice*.
- Siengsukon, C. F., Robichaud, J., Nelson, E., Glaser, A., **Baber, G. R.**, Gratton, M. K., Zanutto, A., Phadnis, M.A., & Lynch, S. (2026). Cognitive behavioral therapy for insomnia for individuals with multiple sclerosis (CALM): A randomized control trial protocol. *Contemporary Clinical Trials Communications*, 101595.
- Siengsukon, C., Beheshti, M., Donkers, S. J., COSTA, S. L., Vaduvathiriyani, P., Glaser, A., **Baber, G.R.**, & Williams, J. (2026). Better sleep is associated with improved mobility in adults: a scoping review. *Journal of Rehabilitation Medicine*, 58, 44109.
- Russell, J., Oloriegbe, F., **Baber, G. R.**, Quesada, A. K., & Hamilton, N. A. (2025). Fear of Sleep in Undergraduates with a History of Sexual Trauma. *Behavioral Sciences*, 15(11), 1462.
- Hand, L.K., Nelson, E., Glaser, A., **Baber, G. R.**, Gratton, M.K.P. Bock, K., Siengsukon, C.F. (2025). The development, acceptability, and preliminary efficacy of a sleep health intervention on frailty and quality of life in older adults. *Age and Ageing*. 54(10), afaf287.
- Baber, G. R.**, Aldughmi, M., Al-Sharman, A., Frange, C., Beck Jr, E. S., & Siengsukon, C. (2025). Physical therapists' perceptions and attitudes about sleep: A compilation and comparison of survey data from three countries. *Journal of Allied Health*, 54(3), 359E-364E.
- Baber, G. R.**, Hamilton, N. A., Girard, J. M., Cohen, J. M., Gratton, M. K., Ellis, S., & Hemmer, E. (2024). It is the sentiment that counts: Comparing sentiment analysis tools for estimating affective valence in dream reports. *SLEEP*, 47(12), zsae210.
- Youngren, W. A., Hamilton, N. A., Preacher, K. J., & **Baber, G. R.** (2023). Testing the nightmare cognitive arousal processing model. *Psychological Trauma: Theory, Research, Practice, and Policy*.

MANUSCRIPTS UNDER REVIEW

- Baber, G. R.**, Bock, K., Barry, A., Nelson, E., Glaser, A., Gratton, M.K.P., Siengsukon, C.F. Examination of concurrent validity of the Ru SATED questionnaire and the sleep health composite in older adults with insomnia symptoms.

Gratton, M. K. P., Hamilton, N. A., Watts, A.S., Cramer, E., Gerardy, B., Younes, M., **Baber, G. R.**, Mazzotti, D.R. The influence of disordered sleep on the wake intrusion index: a structural equation modeling approach.

Hand, L.K., Nelson, E., Glaser, A., Russell, J., **Baber, G.R.**, Gratton, M.K.P., Barry, A., Bock, K., Siengsukon, C.F. Predictors of sleep health intervention success in older adults.

Youngren, W., Russell, J., Boddy, L., Schulte, M., **Baber, G. R.**, Hamilton, N. The prevalence and severity of trauma on a college campus.

Siengsukon, C.F., Glaser, A., Zanutto, A., Nelson, E., Gratton, M.K.P., **Baber, G.R.**, Phadnis, M.A., Morris, J., Drerup, M., Lynch, S. Comparing telehealth-delivered cognitive behavioral therapy for insomnia to digital to enhance sleep, reduce fatigue, and promote neuroprotection (CLEAR): a single-site randomized clinical trial protocol.

Quesada, A.K., Hamilton, N.A., Gratton, M.K.P., **Baber, G.R.**, Nichols, E.C., Bayless, L.E., Gladdis, T. Emotional content of birth experiences, sleep disturbances, and PTSD symptoms in a sample of NICU mothers.

MANUSCRIPTS IN PREPARATION

Baber, G. R., Islam Talukder Md. R., Phadnis, M., Dai, J., Gratton, M. K. P., Siengsukon, C.F. Seeing the Forest from the Trees: Sleep Stage Compositions Moderate the Effect of CBT-I on Anxiety and Depression Symptoms and are Associated with Insomnia Symptoms in Older Adults.

Virnoche, R. G., Gratton, M. K. P., **Baber, G. R.**, Hamilton, N. A. Bisexual Women Are More Prone to Nightmares and Insomnia Compared to Straight Women in a Sample of Midwestern College Students.

CONFERENCE PRESENTATIONS

Baber, G. R., Hamilton, N. A., Gratton, M. K. P., Reffi, A. N., Jankowiak, L., Mahr, G., Moore, D., & Drake, C. (2026). Large language model-derived dream affect is a prospective predictor of PTSD symptoms in hospitalized trauma patients. Poster presented at SLEEP 2026, Baltimore, MD.

Meierotto, A., **Baber, G. R.**, & Hamilton, N. A. (2026). Emotion regulation approaches are related to nightmare frequency and nightmare-related impairment. Poster presented at SLEEP Meeting, Baltimore, MD.

Nguyen, L., **Baber, G. R.**, & Hamilton, N. A. (2026). AI-estimated emotional complexity in dreams is related to adaptive self-reported dream affect dynamics. Poster presented at SLEEP Meeting, Baltimore, MD.

Virnoche, R. G., Gratton, M. K. P., Quesada, A., **Baber, G. R.**, & Hamilton, N. A. (2026). Daily alcohol use moderates the association between poor sleep quality and suicidal ideation severity. Poster presented at SLEEP Meeting, Baltimore, MD.

- Balhim, G. M. (Chair), Holesovsky, C. D., Hamilton, N. A., & **Baber, G. R.** (2026). Beyond duration: Positioning sleep within compositional data analysis of movement behaviors within the 24-hour cycle of wakefulness and sleep. Symposium presented at Society of Behavioral Medicine Annual Meeting, Chicago, IL.
- Baber, G. R.**, Islam Talukder Md. R., Phadnis, M., Dai, J., Gratton, M. K. P., Siengsukon, C.F. (2025). Seeing the Forest from the Trees: Sleep Stage Compositions Moderate the Effect of CBT-I on Anxiety and Depression Symptoms and are Associated with Insomnia Symptoms in Older Adults. Oral presentation and data blitz presented at the Annual Society of Behavioral Sleep Medicine Scientific Conference.
- Baber, G. R.**, Bock, K., Barry, A., Nelson, E., Glaser, A., Gratton, M.K.P., Siengsukon, C.F. (2025). Examination of concurrent validity of the Ru SATED questionnaire and the sleep health composite in older adults with insomnia symptoms. Oral presentation and data blitz presented at the Annual Society of Behavioral Sleep Medicine Scientific Conference.
- Baber, G. R.**, Hamilton, N.A., Gratton, M.K.P. (2025). DreamGPT: Validation of ChatGPT as a Tool for Emotion Analysis in Dream Reports. Poster presented at SLEEP Meeting, Seattle, WA.
- Baber, G. R.**, Hamilton, N.A., Gratton, M.K.P. (2025). Dream Affect and Self-Reported Waking Behavioral Responses: A Logistic Regression Analysis. Poster presented at SLEEP Meeting, Seattle, WA.
- Gratton, M.P.K., Hamilton, N.A., Watts, A., Cramer, E., Gerardy, B., Magdy, Y., **Baber, G.R.**, Mazzotti, D. (2025). The Influence of Disordered Sleep on the Wake Intrusion Index: A Structural Equation Modeling Approach. Poster presented at SLEEP Meeting, Seattle, WA.
- Nichols, E., Gratton, M.K.P, **Baber, G.R.**, Quesada, A., Hamilton, N.A. (2025). Do Self-Rated Stress Levels Reflect Greater Sleep Problems? Linking Reported Stress to Sleep Efficiency. Poster presented at SLEEP Meeting, Seattle, WA.
- Virnoche, R., Gratton, M.K.P., **Baber, G.R.**, Hamilton, N.A. (2025). Transgender Identity Moderates the Association Between Nightmare Frequency and Suicidal Ideation. Poster presented at SLEEP Meeting, Seattle, WA.
- Quesada, A., Gratton, M.K.P, **Baber, G.R.**, Bayless, L.E., Nichols, E., Gladdis, T.N., Hamilton, N.A. (2025). Emotional Content of Birth Experiences, Sleep Disturbances, and PTSD Associations in a Sample of NICU Mothers. Poster presented at World Sleep Congress, Singapore.
- Strid, N., Sikka, P., **Baber, G.R.**, Jylkka, J., Oluwakorede Ogunbamowo, D., Revonsuo, A. (2025). Measuring the Affective Content of Psychedelic Experiences: Do Humans and AI Agree? Poster presented at the 28th Annual Meeting of the Association for the Scientific Study of Consciousness, Heraklion, Crete.
- Hamilton, N.A., **Baber, G.R.**, Gratton, M.K.P., Quesada, A., Nichols, E. (2025). Temporal Sequencing of Sleep Problems Following Sexual Assault. Poster presented at Society of Behavioral Medicine, San Francisco, CA.
- Beheshti, M., Williams, J., Costa, S., Donkers, S., Glaser, A., **Baber G.R.**, Vaduvathirayan, P., Siengsukon, C.F. (2024). The Impact of Sleep Quality on Mobility in Adults: A Scoping Review. Poster presented at American Congress of Rehabilitation Medicine Meeting, Dallas, TX.
- Gratton, M.K.P., Hamilton, N.A., Watts, A., Cramer, E., Gerardy, B., Younes, M., **Baber, G.R.**, Mazzotti, D. (2024). The Influence of Disordered Sleep on the Wake Intrusion Index: A

- Structural Equation Modeling Approach. Poster presented at University of Kansas Medical Center Internal Medicine Meeting, Kansas City, KS.
- Gratton, M.K.P., Nelson, E., Glaser, A., Russell, J.A., **Baber, G.R.**, Bock, K., Barry, A., Siengsukon, C.F. (2024). Impact of Sleep Health Intervention on Sleep and Quality-of-Life-Related Outcomes in Older Adults. Poster presented at Society of Behavioral Sleep Medicine Meeting, Chicago, IL.
- Baber, G.R.**, Wells, M., Hamilton, N.A., Gratton, M.K.P. (2024). A Gender Disparity in Dream Emotions. Oral presentation at SLEEP Meeting, Houston, TX.
- Baber, G.R.**, Hamilton, N.A., Girard, J.M., Jun, D., Gratton, M.K.P., Cohen, J. M. (2024). Testing the Mood Regulation Hypothesis of Dreaming. Poster presented at SLEEP Meeting, Houston, Texas.
- Virnoche, R., Gratton, M.K.P., **Baber, G.R.**, Hamilton, N.A. (2024). Bisexual Women are More Prone to Nightmares and Insomnia Compared to Straight Women in a Sample of College Students. Poster presented at SLEEP Meeting, Houston, TX.
- Baber, G. R.**, Hamilton, N.A. (2024). Insomnia and Nightmares Correlated with Exposure and Reactivity to Victimization Traumas for Female and 2SLGBTQIA+ Emerging Adults. Poster presentation at the Society of Behavioral Medicine Meeting, Philadelphia, Pennsylvania.
- Baber, G. R.**, Girard, J.M., Hamilton, N.A. (2023). It's the Sentiment that Counts: Comparison of Sentiment Analysis Models for Dream Research. Poster presentation at the World Sleep Congress, Rio de Janeiro, Brazil.
- Baber, G. R.**, (2020). Does an Emotionally Salient Task Predict Dream Content and Dream Emotion? Poster presented at Middle Tennessee Psychological Association Conference, Murfreesboro, TN.
- Baber, G. R.**, Seipelt-Thiemann, R. (2020). PER1 Expression in Various Brain Tissues. Poster presented at MTSU STEM Education Conference, Murfreesboro, TN.
- Baber, G. R.**, Bernstein, S., Thompson, D. (2020). Morphological Awareness Across RTI Tiers: Deficit or Strength? Poster presented at MTSU Scholars Week, Murfreesboro, TN.
- Baber, G. R.**, Bernstein, S., Thompson, D. (2020). Morphological Awareness Across RTI Tiers: Deficit or Strength? Poster presented at MTSU Literacy Research Conference, Murfreesboro, TN.
- Baber, G. R.**, Bawoulizim, K., Easson, C. (2019). Effect of Caffeine on ACY1 in *C. elegans*. Poster presented at MTSU STEM Education Conference, Murfreesboro, TN.
- Baber, G. R.**, Perogamvros, L., Baird, B. (2019). Mindfulness Meditation Affects Emotions in Dreams. Oral presentation at the EuroScholars conference, Leuven, Belgium.
- Baber, G. R.**, Littlepage, G. (2018). Do Effective After-Action Reviews Lead to Better Performance? Poster presented at River Cities Industrial/Organizational Conference, Chattanooga, TN.

RESEARCH EXPERIENCE

Hamilton Health Lab

2021-Present

Lab Manager & Graduate Research Assistant

University of Kansas

Department of Psychology

Principal Investigator: Nancy A. Hamilton, Ph.D.

- Manage lab IRBs, lead lab meetings, and develop standard operating protocols and training workflows for multiple projects
- Supported portfolio of eight sleep-related research projects, including survey studies, a psychoeducational intervention, and an ecological momentary assessment study
- Supervised six undergraduate research assistants in preparing honors theses, posters for regional and national conferences, and manuscripts for publication
- Fine-tune sentiment analysis models to estimate self-reported emotion intensity from dream reports and compare the accuracy of various models (e.g., RoBERTa, LIWC)
- Investigate the prevalence of posttraumatic stress symptoms across gender and sexual identities in college freshmen and differences in exposure and reactivity to trauma
- Test fear extinction models of dreaming by examining how the impact of fear in dreams on next day affect depends on emotion regulation strategies using sentiment analysis on a large corpus of daily diary data
- Investigate daily dynamics of sleep, nightmares, cardiovascular data, and waking affect among cisgender women with a sexual assault history using wearable electroencephalography (EEG), wrist-worn heart rate monitor, and daily surveys
- Examine the accuracy and clinical acceptability of artificial intelligence-generated (AI) videos of dream reports as a preliminary step to testing whether these AI dream videos enhance rescription-based nightmare therapies

Sleep, Health, and Wellness (SleepWell) Lab

2024-2025

Graduate Research Assistant

University of Kansas Medical Center

Department of Physical Therapy, Rehabilitation Science, and Athletic Training

Principal Investigator: Catherine Siengsukon, Ph.D.

- Led four sleep-related research projects applying advanced statistical techniques to questionnaire and polysomnography data from clinical trials
- Aided in extracting articles for a scoping review on sleep and mobility

Rogers Lab

2020

Undergraduate Research Assistant

Middle Tennessee State University

Department of Psychology

Principal Investigator: Tiffany Rogers, Ph.D.

- Co-authored an R15 NIH grant proposal to test the interaction effects of oxytocin and dopamine on social behaviors in conspecific mice with reward system dysfunction

Center for Dyslexia

2020

Undergraduate Research Assistant

Middle Tennessee State University

Department of Psychology

Principal Investigator: Stuart Bernstein, Ph.D.

- Examined linguistic morphology as a classifier of children with dyslexia in fourth and fifth grade using state-wide test battery data of elementary students

Sleep and Cognition Neuroimaging Laboratory

2019

Undergraduate Research Assistant

University of Geneva, Geneva, Switzerland

Department of Basic Neurosciences

Principal Investigator: Sophie Schwartz, Ph.D.

Supervisor: Lampros Perogamvros, M.D.

- Assisted in multiple neuroscientific projects investigating the relationships between sleep and dreaming with waking cognition and emotion
- Preprocessed and analyzed EEG spectral activity and blood oxygenation activity in functional magnetic resonance imaging in MATLAB
- Examined the effects of RCT mindfulness intervention on dream emotions
- Collected and processed saliva and blood samples for cortisol content
- Collected near-infrared spectroscopy data during participant exercise
- Administered cognitive testing to participants in an fMRI before and after exercise

NASA FOCUS Lab

2017-2018

Undergraduate Research Assistant

Middle Tennessee State University

Department of Psychology

Principal Investigator: Paul Craig, Ph.D.

- Facilitated after-action reviews for undergraduate aerospace students in airline simulations

CLINICAL EXPERIENCE

University of Kansas Psychological Clinic

2022-Present

Student Therapist (2022-2025) and Peer Supervisor (Current)

Lawrence, KS

Supervisor: Ali Calkins-Smith, Ph.D., Sarah Kirk, Ph.D., ABPP

- Assess and treat university students and community members using integrative assessment batteries and evidence-based practice for various psychological disorders
- Treatments include: cognitive behavioral therapy (CBT)-based treatments such as Unified Protocol for Transdiagnostic Treatment of Emotion Disorders (UP), Behavioral Activation, and Acceptance and Commitment Therapy (ACT) via in-person and telehealth modalities
- Conduct psychodiagnostic intakes, render diagnoses in integrative reports, develop treatment plans accordingly, and provide diagnostic feedback to patients
- Administer comprehensive assessments for attention deficit hyperactivity disorder and autism spectrum disorder (ASD)
- Deliver case presentations to fellow doctoral students and supervisors each semester
- Provide weekly peer supervision using Integrated Development and Cognitive Behavioral Models of supervision for a second-year student therapist on three therapy cases

- Peer supervision includes:
 - Delivering weekly targeted feedback on session recordings and documentation
 - Implementing deliberate practice to reinforce assessment and therapy skills

University of Kansas Medical Center, Sleep, Health and Wellness Laboratory 2024-2025

Primary Interventionist

Supervisors: Catherine Siengsukon, PT, Ph.D., DBSM; Michele Drerup, PsyD, DBSM; Sarah Kirk, Ph.D., ABPP

- Delivered manualized Cognitive Behavioral Therapy for Insomnia (CBT-I) virtually for adults with Multiple Sclerosis (MS) and comorbid insomnia in randomized-controlled trial (RCT) funded by the National MS Society (PP-1706-27878) and National Institutes of Health (NIH; UL1 TR000001)
- Provided a four-session virtual sleep health intervention to older adults in RCT pilot study
- Conducted monthly booster CBT-I sessions by phone for older adult participants with mild cognitive impairment
- Used motivational interviewing to collaboratively overcome participant challenges with implementing difficult CBT-I strategies such as stimulus control and sleep restriction

Kansas City Veterans Affairs, Outpatient Mental Health Clinic

2024-2025

Psychology Extern

Supervisor: Anne Merrill, Ph.D.

- Delivered evidence-based psychotherapies, both individual and group, virtually and in-person, in an outpatient clinic for Veterans with a variety of mental health concerns
- Treatments included: CBT for Depression, in-vivo graded exposures for anxiety and trauma-related disorders, Written Exposure Therapy (WET), CBT for Chronic Pain, assertive communication training, CBT-I, and UP adapted for group therapy
- Administered biopsychosocial intakes and psychodiagnostic interviews to determine fit, document presenting concerns and relevant history, and gain diagnostic clarity
- Provided psychological evaluations to bariatric surgery candidates to assess for psychopathological contraindications, understanding of surgical risks and benefits, and knowledge of and readiness to engage in health behaviors required before and after surgery

Palo Alto Veterans Institute for Research

2023-2024

Interventionist

Principal Investigator: Carmen Mclean, Ph.D.

Supervisor: Ali Calkins-Smith, Ph.D.

- Co-facilitated an accelerated, integrative group therapy to treat firefighters with posttraumatic stress injury, insomnia, and nightmares using manualized WET, CBT-I, and CBT for nightmares (CBT-N) in RCT
 - Sessions included an initial virtual session, four days of 5-hour, in-person integrative group therapy, and a virtual booster session

University of Kansas Medical Center, Rotating Health Practica

2023-2024

Practicum Student

Supervisors: Monica Kurylo, Ph.D., ABPP; Heather Kruse, Ph.D.; Linda Heitzman-Powell, Ph.D. MPH

- Presented weekly case conceptualizations and information sessions on various health psychology topics (e.g., encephalopathy; factitious disorder imposed on another)

Rotation 1: Inpatient Neurorehabilitation Unit

- Administered neuropsychological testing and mood screenings for patients admitted to the inpatient neurorehabilitation unit with histories of injury to the central nervous system
- Delivered diagnostic feedback and discharge recommendations to patients, their medical teams, and families based on testing results and observations
- Offered brief behavioral interventions (e.g., diaphragmatic breathing), sleep hygiene information, pain management strategies, and reinforced existing adaptive coping strategies
- Attended interdisciplinary team meetings and shadowed other providers (e.g., physical therapists, social workers)

Rotation 2: Psycho-Oncology Team

- Provided psychological services at in-patient and outpatient cancer settings, including:
- Administered psychological evaluations for chimeric antigen receptor T-cell therapy (CAR-T) and bone marrow transplant (BMT) candidates by assessing for mental health risk factors relevant to the procedures, patient understanding of the risks and benefits, and patient willingness to engage in pre- and post-procedure required health behaviors
- Conducted in-patient consults for newly admitted patients with either first-time or remitted cancer diagnoses using CBT- and ACT-based approaches to care
 - Consults involved intake interviews and brief interventions such as behavioral activation and reinforcement of existing adaptive coping strategies
- Delivered brief health behavioral assessments and interventions with oncologists and nurses to understand and modify patients' health behaviors (e.g., smoking cessation)

Rotation 3: Kansas Center for Autism Research and Training

- Provided Applied Behavior Analysis (ABA) to children and youth with ASD
- Delivered ABA parent training to parents of children with ASD

Behavior Frontiers

2020

ABA Therapist/Behavior Technician

Nashville, TN

Supervisor: OdoFemi McDuffie, M.A., BCBA.

- Provided ABA in individual, in-home therapy sessions for youth (ages 3–18) with ASD

Assessment Experience: Alcohol Use Disorder Inventory (AUDIT), Brief Rating Scale of Executive Function (BRIEF), Brown Diagnostic Form, Brown Executive Function/Attention

Scales (BROWN-EF/A), California Verbal Learning Test–Third edition (CVLT-3), Conners Continuous Performance Test–Third Edition (CPT-3), Delis-Kaplan Executive Function System (D-KEFS) Tower and Trail Making Tests, Diagnostic Interview for Anxiety, Mood, and Obsessive-Compulsive and related Neuropsychiatric Disorders (DIAMOND), Montreal Cognitive Assessment (MoCA, MoCA-Blind), Monteiro Interview Guidelines for Diagnosing the Autism Spectrum–Second Edition (MIGDAS-2), Outcome Questionnaire 45.2 (OQ-45.2), Personality Assessment Inventory (PAI), Primary Care PTSD Screen (PC-PTSD-5), PTSD Checklist for DSM-5 (PCL-5), Structured Clinical Interview for DSM-5 (SCID-5), Social Responsiveness Scale (SRS), Wechsler Adult Intelligence Scale–4 (WAIS-IV), Wechsler Memory Scale (WMS-IV), Working Alliance Inventory (WAI), Wisconsin Card Sorting Test (WCST).

CLINICAL WORKSHOPS AND TRAININGS

CBT for Nightmares (CBT-N) 2023

Location: Virtual, cbtnightmares.org

Author: Kristi Pruiksma, Ph.D., DBSM

Description: Two-hour online training including theories of nightmare development and protocol on implementing empirically supported treatments for nightmares, primarily Imagery Rehearsal Therapy and Exposure, Relaxation, and Rescripting Therapy

Cognitive Behavioral Therapy for Insomnia (CBT-I) 2023

Location: Virtual, PESI.com

Authors: Colleen Carney, Ph.D., CPsych and Meg Danforth, Ph.D., CBSM, DBSM

Description: Eighteen-hour online training on sleep disorder assessment, protocol for CBT-I, applications of CBT-I within comorbidities, and advanced case conceptualization skills

Screening, Brief Intervention and Referral to Treatment (SBIRT) for Health & Behavioral Professionals 2023

Location: Virtual, University of Missouri-Kansas City

Description: Three-hour online course on brief assessments and interventions for substance use, including motivational interviewing strategies applied to primary care settings

TEACHING EXPERIENCE

Graduate Instructor 2025-Present

Statistics for Psychological Research, in-person
University of Kansas

Graduate Teaching Assistant 2021-2023

Introduction to Psychology, Psychological Disorders, Behavioral Neuroscience
University of Kansas

PROFESSIONAL SERVICE

Ad Hoc Journal Reviewer

Sleep Advances

Professional Affiliations

American Psychological Association, Division 5: Quantitative Psychology
 American Psychological Association, Division 18: Psychologists in Public Service
 American Psychological Association, Division 56: Trauma Psychology
 Sleep Research Society
 American Academy of Sleep Medicine

COMMUNITY ENGAGEMENT

Public Talk on the Historical Context of Veteran Mental Health

2024

Lawrence, KS

- Co-led a public talk on Veteran's Day with historian Karl Brooks, J.D., Ph.D., about a local historical Veteran, abolitionist, and eccentric, General Hugh Cameron to engage the community in a discussion about mental health and its historical and cultural context
- Disseminated pamphlets of evidence-based treatments for posttraumatic stress disorder from the VA with links to resources
